

YOUR PARTNER IN A CHANGING LANDSCAPE

DirectKey™ System

Trillium™ Lock Series

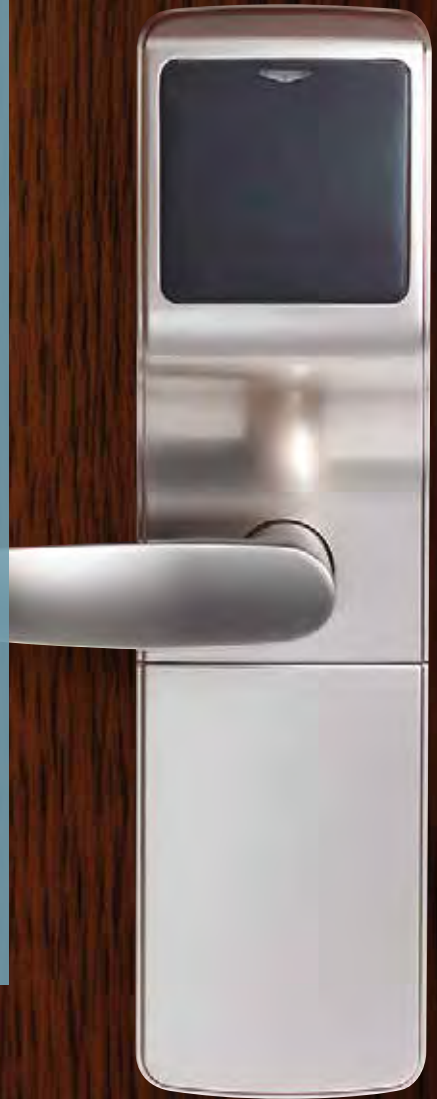

OnPoint® Enterprise

Onity Hospitality Solutions: Built for Today, Ready for Tomorrow

ADVANCED, RELIABLE AND BUILT FOR THE FUTURE

The hospitality industry landscape is changing quickly with new technologies. As a trusted leader in proven, reliable electronic locking solutions, Onity is at the forefront of the evolution in security and access control. Turn to Onity as your partner for hospitality solutions that support you today and prepare you for tomorrow's opportunities.

ONITY HOSPITALITY SOLUTIONS INCLUDE:

- 1. DIRECTKEY™ SYSTEM** Smartphone access and mobile key solution for hotels of any size, designed for the best guest experience and developed by Onity's sister company, Supra - a leader in Bluetooth® technology.
- 2. TRILLIUM™ LOCK SERIES** A stylish and technologically advanced new lock that features enhanced credential security.
- 3. ONPOINT® ENTERPRISE** An innovative web-based front desk software solution that enables hotels to focus on guest satisfaction through a variety of check-in options.

Unsure about the new direction of hospitality technology? Onity's solutions are designed for hotels to safeguard today's investment as the industry landscape evolves. As your technology partner, Onity can guide you with flexible, cost-effective and scalable building blocks, so you can leverage the foundation you've already built.

- Mobile key guestroom entry
- Upgraded lock appearance & security
- Guest-friendly check-in options

1.

DIRECTKEY™ SYSTEM

Onity offers industry-leading mobile key technology, built by a leader in Bluetooth access control solutions.

BEST GUEST EXPERIENCE - Hotel guests download their room key from the cloud securely to their smartphone, for quick and easy access to their room.

BACKWARD COMPATIBILITY - The DirectKey module can be retrofitted to existing locks from Onity and other manufacturers, saving deployment costs and time while preserving your lock hardware investment.

INDUSTRY-LEADING BLUETOOTH EXPERTISE - The DirectKey system leverages technology developed by Supra, Onity's sister company. Onity and Supra operate side-by-side in UTC Building & Industrial Systems. Our mobile key expertise is backed by a scalable platform that currently supports over 1 million installed Bluetooth® locking devices. You can be confident in choosing Onity's DirectKey solution.

2.

TRILLIUM™ LOCK SERIES

Onity's advanced new lock is both sleek and secure.

UPDATED APPEARANCE - Onity Trillium locks features a stylish, slim look designed for today's modern aesthetics.

ADVANCED SECURITY - The Trillium lock series includes a standard mag stripe lock, RFID lock with MIFARE Plus® technology, and RFID lock with the DirectKey module on-board. You can choose Onity for a new project, or easily replace existing Onity locks with Trillium locks for an updated look and enhanced security.

INTEGRATION WITH THE DIRECTKEY SYSTEM - Trillium locks are available with an optional DirectKey module, enabling a proven mobile key solution out of the box or future retrofit when you're ready for DirectKey technology.

ONPOINT® ENTERPRISE

*Revolutionize the front desk experience
— for your employees, and your guests.*

MOVING CHECK-IN - OnPoint Enterprise frees employees from behind the front desk and enables them to efficiently manage guest check-in and room operations from a tablet or mobile device.

SINGLE SYSTEM FOR MULTIPLE PROPERTIES - OnPoint Enterprise is web-based, making it easy to use and maintain from a single location across multiple properties.

DIRECTKEY INTEGRATION - OnPoint Enterprise is designed to work with the DirectKey system, simplifying implementation through cloud server communication. This enables your IT staff to efficiently develop for multiple properties through a single point.

1 EXPERIENCED,
RELIABLE PARTNER
TO LEAD THE WAY

Onity was founded in 1941 as a mechanical lock manufacturer, and for three decades, has been one of the world's leading providers of electronic locks, while growing to provide front-desk systems, energy management products, and in-room safes. Onity is part of UTC Building & Industrial Systems, the world's largest provider of building technologies.

ACCESSIBLE. DEDICATED. WE ARE THERE FOR YOU.

Onity has a worldwide sales, installation, and technical support network that spans over 115 countries.

A range of technical support options are available for our customers, including 24/7 live phone consultation plus a self-serve web portal with product manuals and specification downloads at ebusiness.onity.com. Extended warranty programs are offered at different coverage levels, helping you avoid unexpected support and replacement costs.

For new projects, Onity's order-to-install customer operations team provides a dedicated project manager, on-site training for hotel staff by certified instructors, and strategic scheduling to meet your project timeline.

With a strong commitment to service and support, Onity is your ideal partner in a changing landscape.
